NAVAL NEWS.

By Southern Associated Press.
WASHINGTON, January 22.—Lieut. Robert G. Dashiell, the ordnance officer of the cruiser New York, has resigned from the navy, to take effect April 30th. This officer established the naval proving ground at Indian Head, on the Potomac, and has contributed a number of improvements to naval gunnery. Orders were issued to-day detaching him from Admiral Meade's flagship.

Chief Engineer Joseph Triley has been ordered to have charge of the machinery of the new cruiser Olympia, which will be commissioned on the Pacific station on February 5th, his relief on the Monterey being Chief Engineer E. A. Magee. Mate James W. Baxter has been placed on the retired list of the navy after forty years' service.

Assistant Engineer C. H. Hayes is detached from duty inspecting construction of battleships at Cramp's shipyards and ordered to the cruiser New York. Lieutenant C. McK. Winslow is ordered to duty in the Equipment Bureau at the New York Navy-yard and Lieutenant N. G. L. T. Halpin is transferred from the Wabash to the Mohican.

In the Senate to-day Mr. Gallinger gave notice of an amendment to the Naval bill, appropriating \$300,000 for the purpose of thoroughly repairing and reconstructing the old United States ship Constitution. Provision is made for the expenditure of \$600,000 for a dry dock at Portsmouth, N. H., in an amendment offered to the Naval bill by Mr. Gallinger.

NAVY-YARD NOTES.

The Secretary has assured Mr. Tyler that all repairs to the Columbia, except the painting, should be made here, but as she would have to be docked to be repainted, and as all the available dock room at this yard is now occupied by the Texas, she will be ordered to New York for that purpose after the balance of the repairs had been made.

The tug Wabasha brought several sick men from the New York, in the Roads to the hospital for treatment.

The Marblehead was placed in the stone dock yesterday.

When the Naval Appropriation bill is reported to the House it will make the following appropriations for the Portsmouth Navy yard: For harbor improvements, \$75,000; extension to granite quarry wall, \$20,000; one sand lighter, \$2,000; one derrick car, \$1,000; repairs to granite dock, \$15,000; one dock scow, \$2,000, and for salary of one clerk to Labor Bureau, \$1,200.

Accidents.

Yesterday morning Miss Alice Bond, who lives on Lincoln street, near Fourth, was sewing with a machine. Her attention was attracted from her work and by some means she got her finger under the needle, which passed through it and held her hand down. Several attempts were made to get her finger out, but were unsuccessful. Dr. F. S. Hope was near attending someone and was called in. A portion of the machine had to be removed before her finger could be loosened. The wound is a very painful one, but the young lady stood it admirably.

Yesterday at noon Henry Smith, colored, who is employed at the American Fertilizing Company, in Gosport, while skylarking, fell and broke his leg. He was sent to his home on County street. Dr. Alex. Hatton was sent for and set the limb.

Marie Knibbe at the Parish House.

Last night quite a large and fashionable audience gathered at the Trinity Parish House to enjoy an evening with this talented educationist. Owing to some disappointment in the musical parts, the programme was not carried out fully. The audience, nevertheless, lost nothing by it, for Miss Marie Knibbe was equal to the occasion and recited other pieces which were much enjoyed. Her sweet voice in the song of "Bye-land" showed that her gifts were as much cultivated in other directions.

A Stabbing Affair.

Last night about 9 o'clock a negro boy stabbed a man in the store of Mr. B. F. Howell with a knife while the auction sale was going on. He succeeded in making his escape. The wounded man was carried to a physician to have the wound dressed.

Before a Full Head of Steam.

Is gathered by that tremendously destructive engine, malaria, put on the brakes with Hostetter's Stomach Bitters, which will check its progress and avert disaster. Chills and fever, bilious remittent, dumb ague and ague cake are promptly relieved and ultimately cured by this gentle specific which is also a comprehensive family medicine, speedily useful in case of dysentery, biliousness, constipation, sick headache, nervousness, rheumatism and neuralgia. Against the hurtful effects of sudden changes of temperature, exposure in wet weather, cold application to laborious mental pursuits, and other influences are equally salutary. It is a most trustworthy safeguard. It fortifies the system against disease, promotes appetite and sleep, and has no less a tendency to destroy and wash away diseases.

There is good reason for the popularity of Chamberlain's Cough Remedy. Davis & Buzard, of West Monterey, Clarion county, Pa., say: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough Remedy and they now recommend it with the rest of us." 25 and 50 cent bottles for sale by all druggists.

near Myrtle avenue, at 4 o'clock this afternoon. "I had made arrangements to hold a large meeting there to-night," he said, "and several prominent citizens were to make addresses. I was in that neighborhood this afternoon, but when I attempted to enter the hall I was prevented by the militia. All those who were in the hall were locked in and papers and books were seized by the officials of the Seventh Regiment in command. This I considered a high handed outrage. Two city is not under martial and I cannot understand where they got their authority to close this place. I determined in consequence of this action, to revoke the order for the line men to return to work, and this means that they will all be out in the morning."

That is the strikers version of the affair. They threaten the vengeance of organized labor on the perpetrators of this invasion of the rights of workmen to assemble and organize.

The military account of the affair varies materially from Connelly's statement.

Superintendent Quinn, of the Atlantic avenue line, stated to-night that the company had run cars all day over nearly all the lines of the system. The first car on the line, he said, was sent out at 5:12 o'clock and the last car was run into the stables at 8 o'clock to-night. The lines which the company were operating, he said, were the two Fifth avenue lines, the Seventh avenue line, the Bergen street line, the Vanderbilt avenue line, the Butler street line and the Fifteenth street line. Cars were sent over the last named two roads to-day, Mr. Quinn said, for the first time since the strike was inaugurated. He declared there had not been the slightest disturbance on any of the lines.

President Norton, Mr. Quinn said, was much pleased at the outlook and was sanguine that the companies would be able to operate their roads fully in a few days.

Cars were run much later to-night on the Court street line than at any time since the strike began. The last car left the ferry at 9:40 to-night. No trouble occurred on the line during the day.

CHARGE BY THE MILITIA.

Two Men Were Killed in the Conflict.

By Southern Associated Press.

BROOKLYN, January 22.—A charge was made by the military at Broadway and Halsey streets at 11 o'clock to-night. Some small boys had been jeering the soldiers and there were but few men about. A drunken man from New York started to cross Halsey street from John Conway's saloon, on the corner. He was fired upon without warning and hit in the face, sustaining a compound fracture of the jaw. His name is Thos. Abs. He will die.

Mr. Mitchell, of the Brooklyn City railroad, was shot in the arm. Two bullets from the guns of the militia crashed through the large plate glass windows of the candy store of John Reckoff, on Broadway, narrowly missing the clerk behind the counter. Mr. Reckoff's daughter, Sophia, who was standing in front of the store, was just missed by a bullet.

Dr. T. E. Wilson attended the wounded man and was an eye witness of the shooting. He says there were but few people about and much less excitement for the shooting than last night when a large crowd at the same place created quite a disturbance.

Cars were run on the Broadway line to East New York until 8 o'clock; on the Gates avenue line until 8:30; on the Fulton street line until 7:30; and on the Court street line until 9:30 p. m. The companies did not attempt to run until midnight. They accomplished considerable by running at all after dark. Some of the last cars in had rough experiences.

To Blow Up Rescue Home.

By Southern Associated Press.

SAUL ST. MARIE, Mich., January 22.—An attempt was made to blow up the Rescue Home of the King's Sons and Daughters early this morning. Dynamite was used and the rear end of the building was badly demolished. It was evidently the intention to injure Evangelist Whitaker, who has succeeded in wedding out disreputable houses, thereby making himself obnoxious to the tough element. Mr. Whitaker lives in another house across the street and thereby escaped. The lives of several inmates of the Home were endangered.
